K) Student Outreach

Volunteers of IDIA (Increasing Diversity by Increasing Access)

Ayushi Bansal (2016-5LLB-73) and Anasuya Goswami (2015-5LLB-07) were appointed co-Team Leaders of the IDIA, Hyderabad Chapter on June 21, 2018. In December, 2018 they were awarded the Star of IDIA Award, for the best performing team leaders across IDIA chapters.

The orientation sessions were held for the first year B.A., LL.B. (Hons.), LL.M. and MBA students at NALSAR to introduce them to the work done by IDIA, conducted interviews of students across the University and selected around 96 volunteers for the NALSAR IDIA team.

The team conducted sensitization programmes in the following schools:

- Sai Junior College for the Blind, Begumpet (June, 2018) [Sensitized around 60 students]
- Telangana Social Welfare School, Medchal (June, 2018) [Sensitized around 110 students]
- Amanvedika Rainbow Home for Homeless Children (July, 2018) [Sensitized around 50 students]
- Ashray-Akruti, Voluntary Organization working for Ear, Hearing Care and Persons with Disability (July, 2018) [Sensitized around 20-25 students]
- Zila Parisha High School, Kowkooor (July, 2018) [Sensitized around 30-40 students]
- Helen Keller Institute for the Deaf, Sainikpuri (August, 2018) [Sensitized around 40 students]

From these sensitizations 14 students (6 from Sai Junior College for the Blind and 8 from Telangana Social Welfare School, Medchal) were selected and conducted background checks for all of them.

The members have been conducting regular classes, including mock tests, for a total of 17 trainees including the students selected last year.

Approximately 216 training sessions (108 days) at Sai Junior College, approximately 56 sessions (29 days) at TSWS, Medchal, as well as several on-campus sessions were conducted for the trainees.

The team appointed individual mentors for each of 17 selected trainees, who have regular sessions for guiding and giving personalized attention. Three mentors were also appointed for each of the four scholars who are presently studying at NALSAR (English, Academics and Social mentors), who have been attending to the scholars for their academic and other needs.

The volunteers conducted a fundraiser for IDIA on the day of the orientation of the first year students at NALSAR, where they set up a photobooth for students, and sold IDIA T-shirts as well. They raised around Rs. 25,000/- for IDIA at this event.

Also conducted a fundraising bake sale for IDIA during the time of the BR Sawhney Memorial Moot at NALSAR, and raised around Rs. 7,000/-. The team maintained their presence on online social media, Facebook and Instagram and have recently set up LinkedIn account.

The members are collaborating with students from the University and are in the process of making a video about the IDIA scholars currently studying in NALSAR, to be used for awareness and fundraising purposes by sending it to lawyers and law firms.

The volunteers submitted a disability report to the NALSAR administration, with proposals for making the University campus more accessible for students with disability. These proposals included the buying of a Plustek Optic Book Scanner (for scanning books for visually impaired students), infrastructural requirements, like directional signage, Braille pictograms, installation of tactile surfaces, ramps and counseling services.

Also submitted a proposal for conducting an accessibility audit of the University, which along with the proposals in the disability report, has been sanctioned by the administration. As per the proposal of the disability report, access to Lexis Nexis India has been obtained by the University.

A proposal was also submitted to administration for fee-waiver of IDIA scholars and raised this in the open house before the Vice-Chancellor, after which a Committee has been constituted by the University to amend the scholarship policy, which at present precludes IDIA scholars.

DEVISE – DEVELOPING INCLUSIVE EDUCATION

DEVISE – Developing Inclusive Education, identified English language as the barrier that inhibits the students from achieving their potential in higher education and careers. Though a majority of the government schools in India claim to be ‘English medium schools’, the students therein lack basic understanding of the language. English is not essential to survive but it opens up numerous avenues for the students, both in higher education and jobs. Lack of functional knowledge of English is a major drawback for children within the present educational system as it deprives them of the opportunity to venture into numerous professions. Further, English is the language of authority, providing the deprived people an opportunity to directly participate in the negotiation for their rights. In this digital age, it is almost impossible to imagine accessing various online resources and study material without having a functional grasp over English and this affects the future of students attending government schools.

Started as a pilot project and is currently conducting sessions for nearly 300 students annually with a volunteer base of around 90 students from NALSAR. Approach of DEVISE is completely volunteer driven and the volunteers conduct sessions in two Zilla Parishad High Schools (Pudur and Muneerabad) and an orphanage in Turkapally for nearly an hour every day. Each volunteer conducts one session every fortnight to balance volunteerism with the academic schedule of such volunteers. The volunteers conduct Art and Coloring sessions, writing sessions, story-telling and grammar sessions.

Lack of English language skills affects the students’ ability to understand other subjects as well which then drives them to resort to rote learning. Equipping these students with requisite English language skills will be a major factor in giving them an equal opportunity to compete with their counterparts in private schools while availing access to higher education and careers.

Core Team – P Avinash Reddy (2015-5LLB-26), Sudharshana R (2015-5LLB-119), Pallavi Neha (2015-5LLB-34), Anand Nayak (2017-5LLB-25)

NALSAR Litigation Project

NALSAR Litigation Project (NLP) is a student run initiative, founded by Dayaar Singla (2016-5LLB-77) and Bhavish Kaki (2016-5LLB-76) to work towards the cause of increasing legal aid and promoting legal awareness. The project receives guidance from Prof. (Dr.) Faizan Mustafa, Vice-Chancellor, NALSAR in his capacity as the Director of the Project. NLP primarily assists lawyers with pro bono or public interest litigation work by providing assistance in terms of researching and drafting. NLP also runs a

Public Policy vertical, which works towards creating change through measures that do not involve the judicial arm of the government. NLP has closely worked with lawyers in Assam dealing with the arbitrary decisions of the Foreigners Tribunal, pertaining to the citizenship issue. It assists the Indian office of the well known multinational non-profit iProbono. NLP is also working with Hyderabad based lawyers in matters of privacy, Aadhar and surveillance. To increase awareness in the University, NLP screened the documentary 'Between Hatred and Fear: Surviving Detention in Assam', and held a discussion with Leah Verghese, (NLSIU, Columbia). NLP's policy vertical, has made a representation and gave testimony to the US Trade Representative on the Special 301 Report arguing for a better status for India and removal of our country from the Priority Watch List. Q) Board of Auditors

The purpose behind the formation of the Audit Board was to have an external body audit the expenses of all the Committees in an impartial and un-biased way. This was in order to bring more transparency in the operation of the Committees. By collecting requisite information and presenting it in an orderly uniform manner along with verification of the documents collected, the Board of Auditors hopes to bring in more transparency and accountability of the Committees for all their actions, to the entire student body. All the expenses made by various committees are included in the audit process which would include expenses made by the Committees from incomes derived through external sources as well. The Board of Auditors, in accordance with the Article 22 (5) of the NALSAR Constitution requiring a uniform format to be maintained by all Committees, released a uniform format for maintenance of Accounts on September 14, to be followed by all the Committees.

The Audit team was granted additional powers in order to get the required information in time, through the promulgation of an office order by the Vice-Chancellor. The office order was passed in order to streamline the expenditure of the Student Bar Council in a transparent manner. The order mandated all the Committees to tender their accounts within two weeks of a call from the Board of Auditors for the June-October 2018 Semester and within three weeks from January-April Semester. The Board was given the power to make a recommendation of withholding funds to the Treasurer in case of default, which the treasurer is mandated to implement with immediate effect. It also mandated the Committees to get each bill approved by the Convenor of the Board of Auditors prior to submitting to the Accounts Office.

Where a Committee needs to withdraw money from the budget, a request letter is prepared by it for withdrawing the funds which is signed by the Convenor of Board of Auditors, Accounts Officer and Registrar. This letter is then submitted to the Accounts Officer and the money is released either by Issue of Cheque or by Direct Payment. When the money is released by Cheque, the signature of the Treasurer of Student Body Council is required

and by through the Call of Accounts, the Treasurer is also required to give information regarding the cheques signed by him/her. Thus, ensuring full accountability.

The Board of Auditors made the first call of accounts on October 3rd with a two-week deadline, ending on October 17 within which the Committees were required to submit their accounts in the format provided along with bills of the expenditure. The bills for the same have been systematically uploaded event wise (sport-wise in case of sports committee). The Auditors released their Semester Audit Report on January 12, 2019 which contained an analysis made by the Board on the submissions made by various Committees along with a list of recommendations to the Committees. The same also contained Accounts and a timeline of Events in the course of preparing the report. The Board made the Second call for accounts on January 13, 2019.
